Well we had pretty beautiful weather but not a whole lot of fish for our Interclub. We did have 23 boats representing 8 of our clubs and that is fantastic. As you can see most of the action was down south but interesting to hear on the radio what was happening further north. Where I was, there seemed to be heaps of bait around but not a whole lot else.

It seems that everyone had a good time with many of the boats in Bermagui also fishing the Alliance Tournament. There have been some funny stories and some interesting facts. For example, Judy Sillis tagged her 50th Marlin and Carol Taylor her first in their new boat despite a few tangles.

Thank you to everyone who had a go and I wish you all tight lines.
