Congratulations to Tyler Whitaker, a Shellharbour member, for his terrific Marlin. Tyler is a small fry and this capture is a pending State, Australian and World record.

Merimbula's tournament went off well with quite reasonable weather and a good number of visiting boats. The heaviest Yellowfin was 54.5kg taken by Janet Chippendale and her husband got the second heaviest at 40.5kg. Not a huge event but a credit to the organisers.

This weekend sees the Canberra Yellowfin Tournament at Bermagui. Of course the weather is always a challenge and there is the Port Hacking event which has been put on the same weekend. It is a different zone, but still most unfortunate that they decided on this weekend as the Canberra tournament has been on the same weekend for many, many years. I know a lot of regulars will be attending and I look forward to catching up with many at Bermi.

Again we have a good number of tagged fish from various clubs with the points getting closer. There were also some notable captures and it will be interesting to see next months tally and the final results for the season.

Stay safe and enjoy your fishing
