I attended both Shoalhaven and Ulladulla's Trophy Presentation dinners last month and thoroughly enjoyed both. It was a shock to all that Gonzo had a mild heart attack while at Shoalhaven but, thankfully, he got himself out of hospital in Sydney a week later. He then attended Ulladulla's presentation night although was somewhat quieter than usual. He is doing well however and slowly getting back to normal although I am not sure if that is good or bad!!!!

A rather lean month tag-wise but we do have some good shark captures. With the warmer weather finally reaching us maybe there will be more fishing and therefore some better results. We can only hope!!!! Remember, it is the 2<sup>nd</sup> and 4<sup>th</sup> weekend of every month and any gazetted NSW public holiday plus any fish captured or tagged at the NSWGFA Interclub that count for this Southern Zone Cock O the Walk competition.

The new bag limits were released by the Minister last week and the game fishing community has been very lucky. The jury is still out on SBT but we will get those results some time soon. It was very interesting speaking to Fisheries and hearing that there was a really good response to the survey from the game fishing fraternity. It just goes to show that if we do bother to respond we are actually listened to, hence a lot of the original proposals were dropped. So the lesson here is to respond to any survey that is directed to you as the results could have an impact on our sport. If you do not have your say then you cannot complain with any authority.

Our issues with GFAA are still unresolved and we will be attending the GFAA October meeting hoping for a reasonable conclusion. We are, however, not holding our breath on that one.

In the meantime, stay safe and enjoy your fishing.
