Please note that there was another change in the tag points for June. Eden notified me of their mistake and I changed the points but did not send out as I had already done that a few times.

Thank goodness the drama is pretty much over after my burglary and I was lucky at least get most of the jewellery back. There is still the court case but life is somewhat back to normal, although it is still a horrible feeling knowing that some creep has been through all my personal things.

Anyway, your secretaries will have received the NSWGFA July newsletter which gives a full account of what went on at the recent NSWGFA AGM plus photos from the Presentation night. Shellharbour, Jervis Bay, Batemans Bay, Canberra, Bermagui, Merimbula and Eden all took out trophies and of course our Zone won the most prestigious Cock O'the Walk Tag and Release for the season. I was so proud to accept this trophy and it was great to have so many of our club representatives there to take one home also. A wonderful effort and I thank everyone who contributed to this fabulous result.

Obviously it is important to fish on Zone days to enhance our chances for this season, but I appreciate this is not always possible. Just get out there and have fun and in the process get your club points as well as Zone points when applicable. July was a disaster for us but I am sure August will bring some good results.

Stay safe and enjoy your fishing.
