The GFAA meeting in Melbourne was far from pleasant. We were not well received and some delegates were openly hostile. The agreed \$1.00 goes to ARFF not GFAA and was on the books for discussion after it came up last year in Hobart with all states agreeing to a small levy with the amount to be decided. We did a lot of talking to get the support that we did and even then it was a tie with the GFAA President giving his casting vote. Tasmania, Queensland and Northern Territory voted for our motion with Western Australia, Victoria and South Australia voting against. Not an ideal situation and one we would prefer not to repeat.

You should have received notification from DPI but if not please note that tag cards are now sent to M Gamele, 29 Berry Street, Nowra, NSW2541. Phone 44247423. Hopefully now these cards will be processed promptly as there were problems encountered when DPI initially moved and staff changed. GFAA tagging trophies are based on information given by DPI so it is very important that they are sent in on a regular basis and processed in due time.

This is a day later than usual as I had to attend a NSWGFA meeting in Sydney yesterday. I will send relevant details of this meeting to your secretaries. Also had a DPI Fisheries meeting for ACoRF on Wednesday, so it has been a busy week toing and froing from Canberra to Sydney and back. Next week there are two days of meetings with AFMA and the Minister on the Southern Bluefin Tuna.

Again I remind you to please send in a return each month even if it is nil. If it is the dreaded nil return you do not need to send in the whole form just a quick note to that effect.

Stay safe and enjoy your fishing. Sanchia
