September was certainly the quietest month for the season so far in terms of Zone days. It is interesting that the only clubs with anything positive to report are at either end of the Zone. With the weather warming up maybe the fish will too.

At the Canberra GFC meeting last night a number of members reported fabulous fishing recently in both Malaysia and Canada, so at least we had some happy campers there. Other members had been in amongst the schnapper but no game fish locally.

The weekend after next I am off to Melbourne with Gary Chenoweth and Grahame Williams for the showdown with GFAA. Gary and I are observers and of course Grahame is a life member, but if they vote in favour of our motion we will all become delegates and participate in the meeting. We believe that we have enough support to win but things can change. We are taking a cheque with us for payment of dues if we are successful. I hope sense has prevailed and they vote accordingly. Will keep you posted.

Stay safe and enjoy your fishing if you get out.
